

Message From the Executive Director

Hi, I am Valerie Foster, Executive Director of the Sanger Education Foundation. The Sanger Education Foundation has been proudly supporting Sanger ISD for 20 years, and our mission has remained the same: to invest in the success of every student and educator in our district. Through generous donations from individuals, businesses, and community partners like you, we are able to fund

innovative classroom initiatives, student enrichment programs, and educator grants that go beyond the traditional budget. Your support not only enhances learning today but also helps shape the leaders of tomorrow. I invite you to join us in this important work—whether through endowments, sponsorships, or volunteerism. It is through our community's generous support that we are able to continue empowering excellence in education and investing in tomorrow's leaders.

Why Support Sanger Education Foundation.

When you support the Sanger Education Foundation, you're investing in the future of every student in Sanger ISD. Your gift does more than fund programs—it opens doors to opportunity, creativity, and success. From innovative classroom initiatives that spark curiosity to essential supplies for new teachers and scholarships that help students chase their dreams after graduation, your support empowers educators and inspires learners. Together, we're building a stronger community—one student, one classroom, one future at a time.

**Invest In Their Potential.
Inspire Their Future.**

Sanger ISD Current CTE Programs

Career and Technical Education (CTE) programs play a vital role in preparing students for real-world success by equipping them with hands-on experience, industry certifications, and valuable skills that lead directly to career opportunities or higher education. The Sanger Education Foundation is proud to support Sanger ISD's commitment to these programs, as well as its dual credit college courses, which give students a head start on their college journey. By investing in CTE and dual credit initiatives, we help ensure students graduate with confidence, direction, and a clear path to a successful future.
